

What job do you want to do?

Are you not sure exactly what career path you want to follow?

Are you between 15 and 24 and either still at school or not fully employed?

Would you like to try out the job you are interested in?

The Apprenticeship Employment Network (AEN) is delivering a range of Multi-Industry Project (MIP). MIP is short for Multi Industry School Based Pre-Apprenticeship Support Pilot Project.

MIP gives you the chance to participate in a course to experience a range of career options

MIP is supported by the Australian Government Department of Education and Training.

Australian Government
Department of Education and Training

MIP courses include:

- Career and industry information
- Trade skills
- Workplace Health and Safety training
- Work ready training
- Practical hands on experiences
- Work placements
