

# Certificate IV in WHS (BSB41412)

## Why study Work Health and Safety

Work Health and Safety is a compulsory requirement in all Australian workplaces and the demand for WHS professionals translates that legislation into rewarding career opportunities. It is no secret that successful businesses incorporate safety management into their everyday work practices.

Certificate IV in WHS qualifies you to:

- ✓ Develop effective WHS Management Systems
- ✓ Examine the concept of risk assessment and management systems
- ✓ Understand and deal with hazard identification

## Why this course

- ✓ AEN have partnered with RMIT who is a well-respected institution with their qualifications
- ✓ Course content and structure has been designed in consultation with the GTO industry meeting
- ✓ A pathway into the Diploma in Work Health and Safety
- ✓ Flexible course that is delivered online to allow students to manage their studies to fit their lifestyle
- ✓ Workplace based assessment activities with links to all State Workcover authorities
- ✓ Apply for recognition of current skills and qualifications either through Recognition of Prior Learning (RPL) or Credit transfer (via RMIT)

## Course fees

\$2750 pp (AEN members) (no gst applicable)
