

Youth Apprenticeships and Traineeships

The Victorian Government is investing \$500 million in the *Working for Victoria* initiative (<https://www.vic.gov.au/workingforvictoria>) to help our community and contribute to Victoria's ability to respond to the coronavirus (COVID-19) pandemic.

Working for Victoria is supporting 300 young people aged 15 to 24 into paid apprenticeships and traineeships. They will be placed into 12-month roles with public sector employers across the state including local councils, hospitals, schools, TAFEs and water authorities.

This provides valuable opportunities for 2020 school leavers and unemployed young people seeking their first role, including those affected by the coronavirus pandemic.

The apprenticeships will help to increase participation of young people in the workforce, while assisting communities to meet future skill and employment needs.

Job opportunities and training qualifications may include:

- Aged Care
- Automotive (Mechanical)
- Building Maintenance
- Business Administration
- Carpentry
- Child Care
- Community Services
- Electrical
- Information Technology
- Landscaping / Parks and Gardens
- Plumbing
- Sport and Recreation

How to find job opportunities

1. Register with the Working for Victoria online jobs platform (<https://www.vic.gov.au/workingforvictoria>)
2. Fill out your profile and choose the location and industries you'd like to be matched to.
3. Start receiving matching job opportunities you can apply for.
